

## Jet Edge Company Background

Jet Edge is a leading designer, manufacturer and global supplier of ultra-high pressure waterjet and abrasivejet systems for precision cutting, surface preparation and coating removal. An industry pioneer, Jet Edge entered the waterjet market more than 20 years ago.

Jet Edge systems are used around the world in a broad range of industries, from the world's leading airlines to automotive, aerospace, industrial manufacturers to machine and job shops. Jet Edge's waterjet and abrasivejet systems can cut virtually any material, from food products to hardened tool steel to titanium.

Headquartered in a modern 100,000 square-foot manufacturing facility in the Minneapolis suburb of St. Michael, Minnesota, Jet Edge has sales offices throughout the United States and strategic value-added partners in the U.K., Denmark, Italy, Dubai, Brazil, Chile, Argentina, Peru, China, Japan, Korea and Taiwan.

## Jet Edge Milestones

**1984** - Jet Edge, a subsidiary of Possis Corporation, enters the waterjet market with a 36,000 psi mobile line and 55,000 psi precision cutting line.

**1994** - TC/American Monorail purchases Jet Edge from Possis Corporation.

**1998** - Jet Edge purchases Chukar WaterJet Gantries.

**1999** - Jet Edge builds a new 100,000 square-foot facility and relocates to St. Michael, Minnesota.

**2007** - Jet Edge forms technical partnership with Michael Waltrip Racing.

**2007** - Jet Edge introduces 90,000 psi X-Stream xP90-100 waterjet intensifier pump.

**2008** - Jet Edge introduces Mid Rail Gantry Waterjet System.
